Subject: stats for FSAB

Hi Betsy,

I have a meeting of the Forensic Science Advisory Board on 11/18 where we distribute statistics around number of samples received, tested etc. Normally, I can gather this information from the monthly reports but I know the numbers are skewed by the large numbers of not tested marijuana samples returned. Could I get data for the NT marijuana for each of the following months July 2009, August, September, October. No rush.

Thanks, Julie
